AVINASH KATHAIT

Email Id: ✉ avinash.kathait56@outlook.com

PROFESSIONAL SUMMARY:

- Resourceful IT Infrastructure Engineer with 5+ years of experience in Office 365 administration, PowerShell automation, and global user support across cloud and hybrid environments. Known for scripting precision, and delivering scalable solutions. Currently transitioning into cloud and DevOps roles, with hands-on exposure to Azure and automation platforms. Passionate about building efficient systems and driving innovation through technology.

CARREER OBJECTIVE:

- To contribute meaningfully to a forward-thinking organization that values creativity, reliability, and continuous learning. Seeking a role that leverages my technical expertise and scripting capabilities while offering growth in cloud and DevOps domains.

PROFESSIONAL EXPERIENCES:

COFORGE LIMITED – as an *Associate - Infrastructure IT OPS (M365 Engineer)* (May'2022 to Present)

Provide support to global team across locations (India, UK & US)

- Administered Office 365 via Admin Center, Exchange, Entra ID, Defender, and PowerShell.
- Automated tasks across Exchange, Azure, Defender, OneDrive, and SharePoint using PowerShell.
- Managed PSA ticketing (ServiceNow) and RMM (ConnectWise Automate).
- Handled MFA, P2/P3 tickets, email/call support, and daily reporting.
- Delivered onboarding training and knowledge transfer to new team members.

LINEAL SERVICES PRIVATE LTD. – as a *System Engineer*. (SEP'2021 to APR'2022)

Worked for Lineal in Ahmedabad location to provide support global users

- Supported global users in regions like the US, UK, Dubai, Frankfurt, etc.
- Worked with Office 365, RMM (Connect Wise), and ticketing systems (Wrike).
- Handled cloud storage solutions (AWS, Synology, Back blaze).
- Managed authentication solutions (Duo, ESET Endpoint Security) and virtual platforms (Azure, GCP, and VMware).
- Created GPOs, on boarded/off boarded users, and managed assets/vendors.

PRECISION INFOMATIC (M) PVT. LTD. – as a *System Engineer*. (AUG' 2020 to SEP'2021)

Worked for Precision client on the client location to provide support global users

- Addressed client hardware, software, server, and networking issues.
- Managed Active Directory user policies, compliance reports, and Hyper-V platforms.
- Installed/configured McAfee Total Security and performed server patching/maintenance.

PROFESSIONAL QUALIFICATION:

- MS-102 (Microsoft 365 Administrator) — (2024).
- Computer Hardware & Networking Training — Avni IT Placement, Dehradun (2020).
- Computer Fundamentals & Web Development Training — Hiltron Calc, Dehradun (2016).
